# Bufftech® Fencing

*The Bufftech Advantage starts with details.*

**Precision Routing** assures a clean, realistic look without visible glue or screws.

**Heavyweight Pickets** provide impact resistance and reduces movement.

**Internal Reinforcement** limits sagging and maintains a strong and sturdy performance.

**Low Gloss** finish offers easy maintenance while reducing reflections.

## Smooth Colors

## Industry-Leading Warranty

Barrette Outdoor Living is so confident in the quality of our fencing products that we offer an industry-leading Transferable Limited Lifetime Warranty — providing you with peace of mind that your fence will last a lifetime.

Our Bufftech product line also includes PerformancePlus™ protection which includes warranted repair and replacements costs — including labor — for five years after installation.

Did you know that **Bufftech fence is actually less expensive** than wood fence? Although the initial investment may cost you more, you don't need to worry about recurring maintenance and repair costs.

Cost includes fence price averaged over 20 years plus maintenance and repair costs. Cost is expressed as a percentage.

# Performance

Bufftech's premium features, including high-quality raw materials, reinforced rails, heavyweight pickets, routed rails and fence posts, and concealed fasteners, ensure it will outlast and outperform other vinyl fences.

Bufftech fence is engineered for use in high wind and hurricane conditions, as approved by Miami-Dade County NOA #23-0314.05\*. Recognized as the most stringent standards in the country, Miami-Dade test protocols include dynamic wind load testing up to 115 mph.

The Bufftech line also meets requirements of the ASTM and includes styles that comply with local codes for swimming pool applications. Check with your local building code official as local codes may vary.

Bufftech panels block 98% of direct sound, with an (STC) sound transmission class of 21, to create quiet spaces.

\*Miami-Dade County-approved NOA #23-0314.05, for exceptional performance in high wind conditions. To comply with WindZone Performance, additional items are needed for installation. Please reference our product catalog. Expires 3/13/2029.

# Peace of Mind

Barrette Outdoor Living stands behind the Bufftech line with an exceptional lifetime limited transferable warranty. PerformancePlus™, an exclusive Barrette Outdoor Living benefit, covers warranted repair and replacement costs—including labor, for five years after installation.

Barrette Outdoor Living also guarantees the performance of Bufftech's products with our proprietary SolarGuard® fade protection, a state-of-the-art acrylic formulation that provides superior protection from the harsh rays of the sun.

Barrette Outdoor Living is actively pursuing strategies to reduce our environmental impact, while increasing the sustainability of our operations and products. Barrette Outdoor Living conducted a Life Cycle Assessment (LCA) that was submitted to the National Institute of Standards and Technology (NIST) and was published in the building product LCA database, BEES (Building for Environmental and Economic Sustainability).

A company you can trust. For more than 100 years, homeowners and building professionals alike have relied on Barrette Outdoor Living as a trusted source of innovative, high-quality building products. Bufftech® continues this long-standing tradition with its superior fence line, proudly made in the U.S.A.
